

OCTOBER 2018

news alert

THE BIG FELLA IS WAITING

We need you!

The deadline to register your export registration for China is fast approaching and we need you to sign-up before it's too late.

We're asking ALL growers to register for the 2019/20 season before October 30 2018. It costs nothing to sign-up.

Please be aware, we are currently working through consideration of a China compliance compensation payment for growers who successfully supply China and support this necessary and important market development.

FIND OUT MORE

Anyone needing more information about the China programme can contact AVOCO technical representative Danni van der Heijden or NZ Avocado industry systems manager Glenys Parton.
